

Syllabus for Advanced Pottery

First Quarter-

Students use skills and concepts learned in Pottery. Assignments are designed to refine the student's sense of proportion and attention to detail. Assignments are used to refine communicative properties of three -dimensional media.

Assignments are coil, slab, based on a person, heavy shadow, and choice.

Second Quarter-

Assignments to develop a sense of different art styles and art from other cultures.

Two other culture, compare and contrast, light clay, repetition of unit, and good choice.
