

# 5<sup>th</sup> Grade Practice Record

Date	Assignment	Mon	Tues	Wed	Thurs	Fri	Sat	Sun	Total	Parent's Signature

NAME: \_\_\_\_\_

Dear Parents,

In order to help improve your child's skills on their instrument some practice at home is needed. In order to help facilitate this we are asking your child to practice 15 minutes each day, with one day off. This makes a grand total of an hour and a half for the week. They may combine the time in one sitting but a little time spread out over many days is better for their muscle memory and reading skills. They will progress quicker if they play every day! They certainly are more than encouraged to practice longer if they wish too! To help us keep track, I ask that the student fills out the minutes they have practiced in the space provided above and have you sign it the night before their lesson. Please help me in encourage regular practice times. We have Band every **Wednesday** so they will need to bring their instruments on that day, they may also need there instrument on another day if their lessons is not scheduled on a Wednesday. Thank you for your help and the encouragement of your child!

Sincerely,

Mr. Fancher
