Grading Policy

Homework Policy:

Homework will always be checked or graded. Some assignments *MAY* be accepted late. If assignments are late, there will be a reduction in the student's grade for that assignment. Students are required to find the correct answer for each question missed and write it on the assignment.

Absent:

If a student misses a class because of illness or other legal excuse, the homework is due the following day. If the student is out of class for more than one day, the student has one week to make up the missed work. It is the student's responsibility to contact me for the missed assignment(s). When a student misses class because of band, chorus, remediation, or athletics, it is their responsibility to make prior arrangements to receive the assignments covered that day so they can have it completed the following day with the rest of the class.

Quarter Grade:

Tests, quizzes, projects, homework, participation and class work will be averaged together using a point system.
