Updated daily by ALCS Administrative Team

Last Updated - January 22, 2021

# ALCS COVID-19 Information

- ▶ When notification is received from the Department of Health (DOH) that a student or staff member has tested positive for COVID-19 and that individual began exhibiting symptoms and/or tested positive within 48 hours of being in one of our school buildings, we immediately begin the process of contact tracing. *(Contact tracing process is provided on a later slide.)*
- ▶ If an individual who tested positive had not been in attendance within one of our buildings within 48 hours of exhibiting symptoms and/or testing positive, the DOH **does not notify the school** of the results. This is in compliance with all laws regulating security of personal health information.

- ▶ The total number of teachers and staff in the District is approximately **250 individuals**.

# ALCS Contract Tracing

- ▶ When communication is received from the DOH that a student and/or staff member has tested positive for COVID, we begin the process of contact tracing. If a student or staff member exhibited symptoms of COVID within 48 hours of being in one of our buildings, contact tracing begins. (If a student or staff member exhibited symptoms of COVID and had not been in attendance in one of our buildings within the last 48 hours, we are not informed by the DOH that the person has indeed tested positive and no contact tracing is required. For example, if a staff member exhibits symptoms on 11/29, that staff member has not been in the building since the close of school on Tuesday, November 24<sup>th</sup>, the DOH does not inform the district of the positive results and contact tracing is not required.)
- ▶ A review of attendance records, class schedules, substitute records, transportation records, classroom sign-in and sign-out sheets, athletic attendance records, etc. Begins. Information is compiled based on the review of records and a list of individuals who may require contact tracing is provided to the Cattaraugus County Department of Health.
- ▶ All decisions regarding quarantine requirements are made by the Cattaraugus County Department of Health.
