Brief description of the App:  Webber Photo Articulation Castle is an educational app for speech pathologists from Super Duper Publications. It has 3,000 PHOTO-WORDS with 24 PHONEMES for students to practice their articulation skills at the word, phrase, and sentence level, as well as certain phonology skills.	
Plans for classroom use of the App:  <ul style="list-style-type: none"><li>• Photo Fun - This is a standard flash card activity. Players look at the pictures and say the words. Tap the scoring icons at the bottom of the card to score the production.</li><li>• Arcade Game - There are six variations of the arcade game: Balloon Pop, Duck Derby, Fishing Rodeo, Hidden Treasure, Raceway, and Space Explorer. In each arcade game, after the player taps an object (a balloon, duck, fish, gem, car, or spaceship), the player is awarded points and a picture appears. The player looks at the picture and says the word. At the end of the game, the player with the most points wins.</li><li>• Matching - There are two levels of matching. Level 1 (easy) uses six pairs of cards (for a total of 12 cards) and Level 2 (difficult) uses 10 pairs of cards (20 cards total). Students try to find matching pairs of cards while practicing their target sounds.</li></ul>

(include specific students groups who would use it, other contents areas where it could be used, access to a demo or tutorial on the App, etc)

All of my speech students could benefit from using this app especially speech impaired students.
